Old Business

1. Flood Buyout Update – Mrs. Bella has been working with Don Smith from PEMA. Our first project, all on Drinker Street, is moving forward. The next step is having the mitigation properties appraised. The money the township spends on appraisals will be reimbursed by FEMA/PEMA. It was suggested that the township oversee the appraisals which will all be done by the same person. If the homeowner is not satisfied with this appraisal they may have another one done at their expense. Mrs. Bella asked if she can

use the money we just received back from PEMA for the appraisal. She was told yes. On a Morrow/Hunsinger motion, permission was given to Mrs. Bella to find an appraiser. Motion passed 5-0.

2. MS4 Update – Supervisor Carr said the mapping is completed and will send the information to Larson. Next step is to have the pollution calculated per DEP format. Following that a pollution reduction plan at 10% for the next five years needs to be completed. In about two weeks from now we should get a firm quote from Larson Design.
3. Codification Update – Mrs. Bella has spoken with Michael Peters of General Code. He stated that he would be willing to put our code into their system for no charge, publish new copies for no charge and put on their website for free for six months. We will get them the documentation and get a price.
4. Consideration of Preliminary/Final Subdivision/Incorporation Plan of Jace B. and Gail A. Moore
The plans were received back from the planning commission and notarized. On a Bardo/Carr motion, plans are approved. Motion passed 5-0.

New Business

5. EMS Week Proclamation – The township proclaimed the week of May 21, 2017 to May 27, 2017 as a time to appreciate and honor prehospital and hospital practitioners for the many hours they spend preparing and delivering care to the residents and visitors within our communities.
